TCEQ Permit No. MSW-1301  
Tracking No. 12572200

Dear Dr. Carmichael:

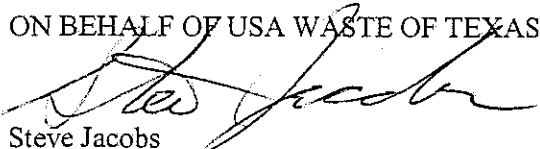

USA Waste of Texas Landfills, Inc. (USA Waste) is submitting the attached Permit Modification (PM) for monitoring well installation and abandonment by Golder Associates Inc. (Golder), for the Addicks-Fairbanks Landfill. This PM is being submitted in response to the Texas Commission on Environmental Quality letter dated February 13, 2009. In accordance with the requirements of 30 TAC §305.44(b):

I certify under penalty of law that this document and all attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gather and evaluate the information submitted. Based on my inquiry of the person or persons who manage the system, or those persons directly responsible for gathering the information, the information submitted is, to the best of my knowledge and belief, true, accurate, and complete. I am aware there are significant penalties for submitting false information, including the possibility of fine and imprisonment for knowing violations.

Enclosed with this letter are the original and one copy. An additional copy of the PM has been forwarded to Nichole Bealle, Waste Program Manager, TCEQ Region 12 Office in Houston, Texas. Additionally, we have enclosed a copy of the transmittal of the permit modification fee payment of \$150, as required by 30 TAC §330.59(h)(1), with this letter. A copy of the PM has been posted on the internet at the following address: <http://www.wm.com/wm/texas/permits.asp>.

If you have any questions concerning this letter, please contact Ms. Heather Lehrmann at (713) 647-5454 or me at (512) 272-6245.

TCEQ PERMIT NO. MSW-1301**

Dear Dr. Carmichael:

On behalf of USA Waste of Texas Landfills, Inc. (USA Waste), Golder Associates Inc. (Golder) is submitting this Permit Modification (PM) to the existing Texas Commission on Environmental Quality (TCEQ) Permit Number Municipal Solid Waste (MSW) 1301, at the Addicks-Fairbanks Landfill located in Harris County, Texas. This PM is being submitted in response to the TCEQ letter dated February 13, 2009. The proposed PM discussed in this letter is summarized in the following table:

Proposed Modification Item No.	Proposed Modification	Modification Classification Reference
1	Installation of two groundwater monitoring wells to a deeper depth which replace existing wells and installation of one additional groundwater monitoring well	Title 30 to the Texas Administrative Code (30 TAC) §305.70(k)(4) and §305.70(d)
2	Abandonment of two existing groundwater monitoring wells which will be replaced with deeper wells	Title 30 to the Texas Administrative Code (30 TAC) §305.70(j)(27) and §305.70(d)

The following items are included with this letter:

- A discussion of the requested PM and the PM classification;
- A list of the changes to the Permit Document;
- A Part I Permit Application Form and Applicant's Signature Page;
- Information for Mailed Notice; and
- A closing.

## REQUESTED PERMIT MODIFICATIONS

This PM proposes to replace monitoring wells MW-1A and MW-5, and to install a new monitoring well, MW-7, at the site. The justification for the locations and the depth of the replacement monitoring wells was presented by Eric C. Matzner, P.G., Senior Hydrologist, Pastor, Behling & Wheeler, LLC in the Hydrogeologic Evaluation (PBW Hydrogeologic Evaluation), dated October 31, 2007, the Response to the TCEQ Comments submitted May 28, 2008, and the Response to TCEQ Comments dated January 13, 2009. Copy of these documents and this PM have been posted on the internet at the following address: <http://www.wm.com/wm/texas/permits.asp>.

The replacement monitoring wells will be designated MW-1AR and MW-5R will be installed within approximately 20 feet of the existing monitoring wells, and monitoring well MW-7 will be installed within approximately 20 feet of GP-9. The approximate locations of these wells are shown on Figure A15-1 included in Enclosure A of this PM.

As indicated in the PBW Hydrogeologic Evaluation, monitoring wells MW-1AR, MW-5R, and MW-7 will be installed at an elevation of approximately 0 to -20 feet mean sea level (MSL), or at least 20 feet into where saturated conditions are observed during drilling.

Existing monitoring wells MW-1A and MW-5 will be plugged and abandoned. All monitoring well installation, abandonment, and reporting will be in accordance with 30 TAC §330.421.

Monitoring wells MW-2A, MW-3A, MW-4A, and MW-6R will be retained as part of the groundwater monitoring network for the site.

## CHANGES TO PERMIT DOCUMENTS

Figure A15-1, Monitor Well Location Plan, has been revised to indicate the location of the proposed monitoring wells and is included in Enclosure A to this letter. Changes to Figure A15-1 are indicated with "clouds" to designate the proposed well locations. A clean copy of Figure A15-1 is included in Enclosure B for insertion into the permit documents.

## MODIFICATION CLASSIFICATION

This PM is a modification in accordance with 30 TAC §305.70(k)(4) and 30 TAC §305.70(j)(27), since the proposed monitoring well installation and abandonment is being performed as an enhancement to the existing groundwater monitoring system to account for seasonal fluctuations in groundwater levels at the site. Additionally, in accordance with 30 TAC §305.70(d), this PM is a minor change to a MSW facility and its operation that does not substantially alter the permit conditions and does not reduce the capability of the facility to protect human health and the environment.

## PART I PERMIT APPLICATION FORM AND SIGNATURE PAGE

A Part I Permit Application Form and Signature Page are included in Enclosure C to this letter.

## INFORMATION FOR MAILED NOTICE

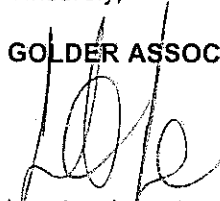

An updated adjacent landowner's map for a ¼ mile offset from the permit boundary and a list of property owners in accordance with the TCEQ Chief Clerk requirements with a numbering system to provide cross reference between the map and the property owner list are included in Enclosure D to this letter.

**CLOSING**

If you have any questions, please do not hesitate to call either Mr. Reid Matthews, P.E. of Golder at (281) 821-6868 or Ms. Heather Lehrmann of USA Waste at (713) 647-5454.

If yes, cross-reference the confidential material *throughout the application* and submit as a separate document or binder conspicuously marked "CONFIDENTIAL."

Bilingual Notice Instructions N/A

For certain permit applications, public notice in an alternate language is required. If an elementary school or middle school nearest to the facility offers a bilingual program, notice may be required to be published in an alternative language. The Texas Education Code, upon which the TCEQ alternative language notice requirements are based, trigger a bilingual education program to apply to an entire school district should the requisite alternative language speaking student population exist. However, there may not exist any bilingual-speaking students at a particular school within a district which is required to offer the bilingual education program. For this reason, the requirement to publish notice in an alternative language is triggered if the nearest elementary or middle school, as a part of a larger school district, is required to make a bilingual education program available to qualifying students and either the school has students enrolled at such a program on-site, or has students who attend such a program at another location in satisfaction of the school's obligation to provide such a program as a member of a triggered district.

If it is determined that a bilingual notice is required, the applicant is responsible for ensuring that the publication in the alternate language is complete and accurate in that language. Electronic versions of

the Spanish template examples are available from the TCEQ to help the applicant complete the publication in the alternative language.

Bilingual Notice Application Form: N/A

Bilingual notice confirmation for this application:

- 1. Is a bilingual program required by the Texas Education Code in the school district where the facility is located?  YES  NO

(If NO, alternative language notice publication not required)

- 2. If YES to question 1, are students enrolled in a bilingual education program at either the elementary school or the middle school nearest to the facility?  YES  NO

(If YES to questions 1 and 2, alternative language publication is required; If NO to question 2, then consider the next question)

- 3. If YES to question 1, are there students enrolled at either the elementary school or the middle school nearest to the facility who attend a bilingual education program at another location?  YES  NO

(If Yes to questions 1 and 3, alternative language publication is required; If NO to question 3, then consider the next question)

- 4. If YES to question 1, would either the elementary school or the middle school nearest to the facility be required to provide a bilingual education program but for the fact that it secured a waiver from this requirement, as available under 19 TAC §89.1205(g)?  YES  NO

(If Yes to questions 1 and 4, alternative language publication is required; If NO to question 4, alternative language notice publication not required)

If a bilingual education program(s) is provided by either the elementary school or the middle school nearest to the facility, which language(s) is required by the bilingual program?

Note: Applicants for new permits and major amendments must make a copy of the administratively complete application available at a public in the county where the facility is, or will be, located for review and copying by the public.

**C. Maps N/A**

**General**

For permits, registrations, and amendments only, submit a topographic map, ownership map, county highway map, or a map prepared by a registered professional engineer or a registered surveyor which shows the facility and each of its intake and discharge structures and any other structure or location regarding the regulated facility and associated activities. Maps must be of material suitable for a permanent record, and shall be on sheets 8-1/2 inches by 14 inches or folded to that size, and shall be on a scale of not less than one inch equals one mile. The map shall depict the approximate boundaries of the tract of land owned or to be used by the applicant and shall extend at least one mile beyond the tract boundaries sufficient to show the following:

each well, spring, and surface water body or other water in the state within the map area;

the general character of the areas adjacent to the facility, including public roads, towns and the nature of development of adjacent lands such as residential, commercial, agricultural, recreational, undeveloped, etc;

the location of any waste disposal activities conducted on the tract not included in the application; and

the ownership of tracts of land adjacent to the facility and within a reasonable distance from the proposed point or points of discharge, deposit, injection, or other place of disposal or activity.

**General location maps**

For permits, registrations, and amendments only, submit at least one general location map at a scale of one-half inch equals one mile. This map shall be all or a portion of a county map prepared by Texas Department of Transportation (TxDOT). If TxDOT publishes more detailed maps of the proposed facility area, the more detailed maps shall also be included in Part I. Use the latest revision of all maps.

**Land ownership map**

Provide a map that locates the property owned by adjacent and potentially affected landowners. The maps should show all property ownership within 500 feet of the facility, on-site facility easement holders, and all mineral interest ownership under the facility.

**Landowners list**

Provide the adjacent and potentially affected landowners' list, keyed to the land ownership map with each property owner's name and mailing address. The list shall include all property owners within 500 feet of the facility, easement holders, and all mineral interest ownership under the facility. Provide the property, easement holders', and mineral interest owners' names and mailing addresses derived from the real property appraisal records as listed on the date that the application is filed. Provide the list in electronic form, as well.

**D. Property owner information N/A**

For permits, registrations, amendments, and modifications that change the legal description, a change in owner, or a change in operator only, provide the following:

(1) the legal description of the facility;

- (A) the abstract number as maintained by the Texas General Land Office for the surveyed tract of land;
- (B) the legal description of the property and the county, book, and page number or other generally accepted identifying reference of the current ownership record;
- (C) for property that is platted, the county, book, and page number or other generally accepted identifying reference of the final plat record that includes the acreage encompassed in the application and a copy of the final plat, in addition to a written legal description;
- (D) a boundary metes and bounds description of the facility signed and sealed by a registered professional land surveyor;
- (E) on-site easements at the facility, and
- (F) drawings of the boundary metes and bounds description; and

(2) a property owner affidavit signed by the owner.

**E. Legal authority N/A**

Provide verification of the legal status of the owner and operator, such as a one-page certificate of incorporation issued by the secretary of state. List all persons having over a 20% ownership in the proposed facility.

Indicate Ownership status of the facility:									
<input type="checkbox"/>	Private	<input type="checkbox"/>	Corporation	<input type="checkbox"/>	Partnership	<input type="checkbox"/>	Proprietorship	<input type="checkbox"/>	Non-Profit Organization
<input type="checkbox"/>	Public	<input type="checkbox"/>	Federal	<input type="checkbox"/>	Military	<input type="checkbox"/>	State	<input type="checkbox"/>	Regional
<input type="checkbox"/>	County	<input type="checkbox"/>	Municipal	<input type="checkbox"/>	Other (Specify)				

Does the operator own the facility units and the facility property?  Yes  No

If "No," for permits, registrations, amendments, and modifications that changes the legal description, a change in owner, or a change in operators submit a copy of the lease for the use of or the option to buy the facility units or facility property, as appropriate, and identify:

Owner Name:			
Street or P. O. Box:			
(City) (County)( State)( Zip Code):			
(Area Code) Telephone Number:			
(Area Code) FAX Number:			
Charter Number:			

**F. Evidence of competency N/A**

For permits, registrations, amendments, and modifications that change the legal description, a change in owner, or a change in operators submit a list of all Texas solid waste sites that the owner and operator have owned or operated within the last ten years.

Site Name	Site Type	Permit/Reg. No.	County	Dates of Operation

Submit a list of all solid waste sites in all states, territories, or countries in which the owner and operator have a direct financial interest.

Site Name	Location	Dates of Operation	Regulatory Agency (Name & Address)

A licensed solid waste facility supervisor, as defined in 30 TAC Chapter 30, Occupational Licenses and Registrations will be employed before commencing facility operation.

Provide the names of the principals and supervisors of the owner's and operator's organization, together with previous affiliations with other organizations engaged in solid waste activities.

Name	Previous Affiliation	Other Organization

For landfill permit applications only, evidence of competency to operate the facility shall also include landfilling and earthmoving experience if applicable, and other pertinent experience, or licenses as described in 30 TAC Chapter 30 possessed by key personnel. The number and size of each type of equipment to be dedicated to facility operation will be specified in greater detail on Part IV of the application within the site operating plan.

Landfilling/Earthmoving Equipment Types	Personnel Experience or Licenses

For mobile liquid waste processing units, submit a list of all solid waste, liquid waste, or mobile waste units that the owner and operator have owned or operated within the past five years. Submit a list of any final enforcement orders, court judgments, consent decrees, and criminal convictions of this state and the federal government within the last five years relating to compliance with applicable legal requirements relating to the handling of solid or liquid waste under the jurisdiction of the commission or the United States Environmental Protection Agency. Applicable legal requirement means an environmental law, regulation, permit, order, consent decree, or other requirement.

Solid waste, liquid waste, or mobile waste units owned or operated within past 5 years	Texas and federal final enforcement orders, court judgments, consent decrees, and criminal convictions

**PROPERTY OWNER AFFIDAVIT N/A**

"I, \_\_\_\_\_  
(property owner)

acknowledge that the State of Texas may hold me either jointly or severally responsible for the operation, maintenance, and closure and post-closure care of the facility. For a facility where waste will remain after closure, I acknowledge that I have a responsibility to file with the county deed records an affidavit to the public advising that the land will be used for a solid waste facility prior to the time that the facility actually begins operating as a municipal solid waste landfill facility, and to file a final recording upon completion of disposal operations and closure of the landfill units in accordance with Title 30 Texas Administrative Code §330.19, Deed Recordation. I further acknowledge that I or the operator and the State of Texas shall have access to the property during the active life and post-closure care period, if required, after closure for the purpose of inspection and maintenance."
